ORGANIZATION OF SANITARY SERVICES AND HEALTH AND TECHNICAL PROTECTION [illegible]
IN THE HEALTH SERVICES FOR RAILROADMEN IN LJUBLJANA

There is a Sanitary-Hygienic Section at Health Services for RR Men in Ljubljana as organ for sanitary inspection.

This Section supervises hygienic service and health and technical protection of RR men in the area of RR Directorates Ljubljana and St. Peter na Krasu. The following personnel is serving with this section: a doctor, specialist for hygienic services, a medical technician, a person in charge of health and technical protection. Besides of the organization of hygienic and health-technical protection, this section has the following tasks: solution of problems pertaining to its field in both Directorates, to follow outbreaks of contagious diseases, to undertake necessary measures to stop them, to discover the reasons of mass sicknesses among RR units, to undertake necessary measures to cause their decline, analysis of drinking water, drainage, investigation of hygienical-technical conditions on RR stations, in workshops, schools, RR restaurants and mess halls, etc to give directives for discovery of shortcomings, collaboration at the making of plans and tests of RR constructions from hygienic point, etc. Sanitary-Hygienic Section is therefore the supreme organ for hygienic service and health-technical protection in all the units which belong to RR Directorates Ljubljana and St. Peter na Krasu.

In case of problems of general nature, or in case of serious hindrances in solving of more complicate problems, Sanitary-Hygienic Section asks for assistance from Sanitary Inspectorate of the Republic, or from Sanitary Inspectorate of the Administration of Health Services for Railroadmen in Belgrade.

Besides of this, there is an Office for Health-Technical Protection - HZT - at RR Directorates Ljubljana and St. Peter na Krasu which transforms into action the hygienic regulations of health-technical protection according to the instructions of
